

SSM Health St. Mary's Hospital Ethics and Cancer Care teams present with Gateway-End-Of-Life Coalition "**The Conversation Project.**" This is an opportunity to learn more about Advanced Directives and Power of Attorney. This crucial yet difficult topic is imperative in ensuring that your wishes are respected and acknowledged. Furthermore, it is something that all adults should have in place. Included in the event is a conversation starter kit presented by Gateway-End-of-Life Coalition and guidance provided to help you with the conversation about end of life wishes. An attorney and notary will also be on hand for those ready to complete an advanced directive.
