invite you to

National Healthcare Decisions Day **Wednesday, April 19, 2017** **5:30 p.m. to 7:30 p.m.**

What kind of medical care would you want if you were too ill or hurt to express your wishes? **ADVANCE DIRECTIVES** are legal documents that allow you to spell out your decisions about end-of-life care ahead of time to family, friends, and health care professionals and to avoid confusion later.

A **LIVING WILL** tells which treatments you want if you are dying or permanently unconscious.

A **DURABLE POWER OF ATTORNEY** for healthcare, is a document that names your health care proxy (someone you trust to make health decisions for you).

This event is designed to help educate retirement, assisted living, nursing home residents, their families, employees of each community and the public about the importance of **ADVANCE DIRECTIVES**.

We will have an **ADVANCE DIRECTIVES** expert speaker, attorneys, social workers and notaries available to process paperwork and answer any questions you may have. A 15-minute presentation will begin each session; light appetizers and refreshments will be served. Please join us at any of the following locations:
