- Do you want to advocate for Hospice and make the greatest impact?
- Do you want to know how to use your personal story effectively?
- Do you want to increase your confidence in talking with your Legislator?

If you say yes to any of the above, you'll want to join us for our Hospice Advocacy Training workshop.

Our presenters are Kim Gladstone, RN, MA and Joan Bretthauer, MS, BS, a Certified End-of-Life Doula.

At this event, participants will create a personal hospice story, become an effective advocate, be confident when talking to legislators, and gain knowledge of the process in Jefferson City.

The goal of advocating is to effect positive change for the Hospice Community.
