As we age, our health needs change. Yet we still want to maintain a high quality of life – one that blends compassionate care with hospitality, dignity and respect. That's exactly what you'll find at Sherbrooke Village. Our assisted living neighborhoods give residents independence with a bit of help as needed. And our skilled nursing neighborhoods offer memory care, short-term care for rehabilitation and long-term care.

As a community, we welcome all faiths, and are inspired by the mission and values of Ascension Living, to provide high-quality, compassionate, personalized care with dignity, especially to those in our communities who are most in need.
